## About Our Selves

Inresponse to the desire of numerous devotees of Shri Chidambara Swamy "Shri Chidambara Seva Mandala" was formed 5 years ago and registered under Societies Registration Act 1860, and Bombay Public Trust Act, 1950, registered office being at Dombivli.

Though the organisation was formed only five years ago the activities are conducted for the last two decades.

Swamiji lived two centuries back. Though he was born in Karnataka, he has numerous devotees in Maharashtra and Karnataka both. The renowned Soldier-Statesman Bapu Gokhale was one of his disciples. Rajaram Maharaj, the most devoted disciple of Swamiji has written more than a lac of Abhangas about Swamiji in Marathi. Many of them are published but a large number of them are yet preserved in manuscripts at Babulgaon (in Aurangabad district, near Puntamba) the native place of Rajaram Maharaj.

We established this institution with the intentions of promoting Swamiji's ideals, propagate Dharma among the younger generation, establish a Sanskrit Pathashala, help the needy students in general education. For the students in Dombivli, appearing for S.S.C. from 1979 on wards, our Mandala has instituted few prizes. To conduct all these activities Mandala has decided to acquire a plot in Dombivli and have its building. The building will consist of a temple and a hall for Cultural activities.

# UNION OF A DIVERSE PEOPLE

This ancient land of India has been open to the cross currents of world thought and opinions right through the centuries. Today it has absorbed people of many life styles, many cultures and many languages.

This unity in diversity is seen in action in Mafatlal Group's corporate operation that upholds this nation's varied and undying cultural values...to achieve the greatest good for the greatest number.
